Recital Planning Continues....

We are happy to announce that our recital theme this year is COLORS! We ask that everyone take a few minutes to check their Footnotes account online or at the front desk to ensure we have students registered in the correct classes on the computer. This will ensure that the correct costume is ordered, as each class gets a different costume for the recital.

If you joined us in January and have not yet paid the costume fee for recital, we do ask that you do so this month, as we are going to be measuring students in class and begin ordering costumes. And of course, if you have any questions about recital, please feel free to ask at the desk.

Please read your email and the newsletter for more recital information to come.

Footnotes T-shirts

We are placing a t-shirt order. If interested please pay and fill out a form at the front desk.

LA Stars are looking good!

This past weekend we had a dress and stage rehearsal at Lehigh Senior High School for all our competition teams. We are so very proud of all our dancers and are excited for the competition season to come.

Keep up the hard work!!
